

July Enchanted Ramblers

EXTRA EDITION

EXTRA, EXTRA, Read all about it!

QUEMADO CAMPOUT.....

Dates Confirmed, August 7,8 & 9, 2009

If you have attended Polo Games before or have never seen any, NOW IS THE TIME TO MAKE YOUR RESERVATIONS! More information will be furnished to those who are planning on attending. Candelarias are now on the trip to HRRVC International

Therefore Contact Geurins at gigi@tularosa.net and they will coordinate with Bill & Ursula. Do it NOW. We already have several signed up. Trust Us, you won't regret it!

PEGGY COWAN 1930-2009

Condolences are sent to Les & Dawn MacPherson on the loss of Dawn's mother. Peggy passed away in June from pancreatic cancer. You all will remember Peggy who traveled extensively with Les & Dawn and was along with us at the Western Sunshine Rally in Las Vegas, Nev. She was a special lady and we from Chapter 433 will especially miss her. She always added smiles & charm at our outings.

*

SUMMER TIME

Have you ever been to an OLD FASHIONED FISH FRY? That will take place on the Banks of the Rio Grande at Percha State Park on Sept. 11,12 & 13. This State Park located along I 25 across the interstate from Caballo Lake. It offers electricity and water and beautiful shade trees. A hidden gem among NM State Parks.

Notify Geurins if you are interested.

NEW MEXICO STATE RALLY Deming, NM

Why would you pack a swimming suit along with hiking boots to a State Rally? Find out when you attend Oct 26-29

***** CLOUDCROFT, NM 2010

That's Right, Folks, May 2010. A lovely Campground has been discovered within a few miles from town.No more "Mr. Personality" camp manager, Uneven camping sites, sharing facilities with other campers. Probably able to include SOB'S. INTERESTED? Set aside Memorial Day weekend 2010 to spend time in the cool pines "9000ft above Stress Level" for Mayfair days in Cloudcroft, NM. Send your thoughts to Don & Barb if you want to be included.

July Enchanted Ramblers

EXTRA EDITION

Monaco-Navistar News

It's official. Navistar Finalizes Monaco Acquisition. In the July issue of FMCA magazine, Page 36 Paragraph 4 it states:

“Although the new company is not liable for any product sold by Monaco Coach Corporation prior to the purchase by Navistar, customer service representatives will be available to aid RV owners in obtaining service and support for their vehicles. Owners with questions should call (877)466-6226 For assistance.”

In another magazine, Good Sam Highways, an article entitled Help for Owners of “Orphan Rvs” States:

“...an online group, the Monacoers, have put together an online parts database...simply to help Rvers who need Monaco replacement parts. To learn how to access the database, go to www.monacohelp.com. This includes Monaco, Holiday Rambler, Beaver and Safari coaches.”

Also help was offered by Bill & Rossana Hays in an e-mail to HRRVC dated June 10,2009 regarding the slide motor gear box. They tracked the original manufacturer as shown below:

Klauber Machine & Gear Company
1101 Geartech Parkway
Pacific, Mo 63069
Ph: (636) 271-3001
Fax (636)257-3005

We Holiday Rambler Owners need all the help we can get under this development regarding Holiday Ramblers. If any member has more helpful information, we'll be happy to pass it own!!

Baskets from our Club

From time to time, Chapter 433 has been asked to donate baskets to raffle off for the different charities we support. These are usually in the form of food, drinks, bath notions, etc. This year Chapter 433 sent a different kind of “basket”. It will be interesting to see how it is received. It may be a “bomb”. We put together a “Ladies Time out” basket. This included a Designer Hand-bag, Mad Housewife Chardonnay”, Wine Glass, Flip Flops, Hat, Sun Glasses, Two Paperback Novels and a Red Rose...We'll see how it is received at International. If anyone has an idea for a different kind of basket, we need to get one together for New Mexico State Rally! Put on your Thinking Cap.....

Geurins returned from a great trip to Kauai, Hawaii. Barb returned thru security in a wheel chair. She replied to people at the airport “...surfing accident...” But to everyone who really knows her, she slipped down a small flight of stairs in the house they rented. It happened in the wee hours a couple days before returning to the “mainland”. The MRI showed a compressive fracture of the back. Saw the spine doctor Wed morning and he repaired the fracture Wed afternoon. Instant relief. No one has to say “Be more careful” She has heard that more than enough!

Richard Gibson is recovering from a broken ankle. Richard, “Be more careful”.....
